## HIS APPLICATION IS PROMPTLY DENIED

**Lobenstein Attempts a  
Proceeding to Oust  
Wilcox.**

**JUDGE HUMPHREYS RULES IT OUT**

**CONTENDS THAT THE ELEC-  
TION WAS NOT AUTHOR-  
IZED BY LAW.**

**Says Delegate-Elect Has Usurped  
the Office—Asks for an Or-  
der to Show Cause  
of Action.**

A. B. Lobenstein yesterday made an ineffectual attempt to institute against Robert Wilcox an order to show cause why he should not be ousted from the office of territorial delegate to congress. By his attorney, George A. Davis, he appeared before Circuit Judge Humphreys and made an application for the order. It was promptly denied by the judge.

Mr. Davis appeared in court at the opening of the morning session, paper in hand. He started to address the court, Judge Humphreys refused to hear him, saying that it was not a court case, but a case to be heard in chambers. Mr. Davis reminded the judge that he had promised to hear the matter yesterday at 10 o'clock. The court then commanded the bailiff to announce that the judge was now sitting in chambers. This did not take long and the judge resumed his seat and Mr. Davis offered his application.

"The application is denied," said the judge quickly, and that settled the matter. The court went into session again and the paper with the denial was placed on file.

Mr. Lobenstein's application recites that an election was held November 6 for a delegate to the Fifty-sixth and Fifty-seventh congresses; that Lobenstein is a citizen of the United States and an elector of the Territory of Hawaii; that at the election Wilcox received the highest number of votes and on the 12th and 20th of this month and divers other times he has claimed the office and usurped it in fact. Lobenstein avers that he verily believes that neither the Organic Act nor any law of the United States authorized the holding of an election for either office. He says Wilcox claims the office without any legal warrant, right or authority whatsoever. He holds that such pretense is against the dignity of the territory and acts to its great damage and prejudice. The relator and complainant prays that the consideration of the supreme court be had in the premises and by a due process of law a decree may be awarded against Wilcox to compel him to make answer and show by what authority he claims the office. The application concludes as follows:

"That said election for delegate to the house of representatives of the United States of America so held on the 6th day of November, A. D. 1900, in this territory was held contrary to law and said relator and complainant alleges and says that said election is null and void."

"And said complainant and relator therefore petitions and prays that an order may be issued by your honor, the Honorable A. S. Humphreys, First circuit judge, granting leave to file this information and demand judgment: (1)—That said election for delegate to the house of representatives so held as set forth in the foregoing information be declared null and void. (2)—That said defendant, Robert W. Wilcox, be adjudged not to be entitled to said office of delegate to the house of representatives and that he be ousted therefrom by the judgment of this honorable court."

## TWO CHINESE DEPORTED.

Chun Hoy and Lau King Sail on the Hongkong Maru.

The first Chinese men to be actually deported from Honolulu sailed yesterday. Deputy United States Marshal E. R. Hendry took Chun Hoy and Lau King, put them on board the Hongkong Maru, and now they are speeding on their way to the Flowery Kingdom.

These Chinese were recently ordered deported by Federal Judge Esteé. During the interim after the issuance of the order the authorities expected new technicalities to be rushed into court and especially yesterday afternoon did they expect the attorneys in the case to offer a writ that might come in so short a time before the hour of sailing as to prevent the Chinese from being taken aboard. Nothing of the kind occurred, however. The two Chinese were loaded into the patrol wagon, taken to the steamer and put aboard without objection, legal or otherwise.

Yap Kean, a Chinese girl who went on the Coptic upon the last sailing of that vessel, was the first of either sex to be deported.

## Kodak Finishing.

In the short time they have been in the business, King Bros. have earned an enviable reputation in the finishing of kodak work.

To Mr. Cal Melvin, who has charge of this department, is due the credit of this success on account of his skill and careful attention to every detail.

It makes all the difference in the world whether care is taken to print a negative according to its merits or not. Many good films are lost through carelessness.

To be sure, it takes a little longer to be careful, but it is time well expended in view of the result.

The best results are obtained when Mr. Melvin develops as well as prints your films.

## Continuances Grow Tiresome.

Judge Wilcox is getting tired of continuances and postponements in petty police court cases. He has been very liberal in granting continuances on the request of attorneys, and has begun to think that his good nature is being worked for an easy thing. He said Monday:

"These continuances are becoming a nuisance and an obstruction to justice. People will not make complaints when they find it takes a week of their time to get the case tried. The nuisance must be stopped."
